Director
Beneficial Ownership and Transparency Unit Market Conduct Division
The Treasury
Langton Crescent
PARKES ACT 2600

We, the **natural people** claim the beneficial ownership for our ancestral property and demand to terminate all trusts and liquidate.

Kindly take note, we have exhausted all other pathways to seek remedy and redress, even appointing Public Trustee and Public Advocate to be the Trustee and Guardian for our Legal person (Trust) as per <https://ministers.treasury.gov.au/ministers/andrew-leigh-2022/media-releases/proposals-improve-transparency-true-owners-unlisted> but they refused saying there's no evidence that I cannot manage my affairs and my money so here I am making the demand for return.

Further, given that they've adjudged me to be sane and competent despite saying member Eleanor referred to me as an abortion survivor (which I am) in open hearing, is evidence of you all knowing exactly what I am claiming, and I free myself from civil chains of Australian Public Law.

Proposals to improve transparency of the true owners of unlisted companies
| Treasury Ministers - ministers.treasury.gov.au

The Albanese Government has released proposals for the first phase of our commitment to improve information on the beneficial ownership of unlisted companies. The reforms will ensure, for the first time, that unlisted companies maintain an accurate, up-to-date register of their real owners.

Beneficial ownership reforms affecting unlisted companies

The government committed to making an open register of beneficial ownership. The government released a consultation paper in 2022. It outlined policy specifications for new requirements of unlisted companies. Treasury updated the policy specifications based on:

We authorise you to deal with Bosnian Embassy in canberra to get any information about us and our property to return it to us.

We have personally liaised with Kemal the Ambassador back in 2023 but he felt it would be in his best interest to lie about our civic registration documents despite knowing when I told him i will end up in prison if he does not do his duty which he has made on oath which is to serve the people, the people which his constitution says have **sovereign rights**, disrespecting all refugee and international protecton protocols fpor refugees and minors,

Kemal was further confided in by myself, as has his consular officer more recently, about my 4 year old son (now 7) confiding in me and suggesting that there has ben inappropriate contact at his childcare centre (reportable abuse) and this was conveyed to Kemal, who still choose to do nothing, directly aiding and abetting abuse of children which led to the imprisonment of their guardian, for period of 3 months with his elderly vulnerable parents blackmailed to pay a bribe to indemnify the solicitor who committed fraud and wanted immunity. Given the above in my personal opinion, which iam entitled to have, is more suited to a seat as an inditee at the International Criminal Tribunal for the former Yugoslavia (ICTY) as opposed to the one at the Embassy.

We have further filed whistleblower complaints with ATO, ASIC, APRA, AUSTRAC but no one replies thus far which can mean only a few things.

1. either our computer is hacked and you are not receiving them (and we know that it is hacked and monitored)
2. we have not given notice in proper form (because you demand to be contacted via these forms and emails)
3. you have been or still are assessing our character and intent due to the significant funds that you hold for us

4. in a very unlikely scenario, the government has been usurped by an organized crime syndicate which will not release our property nor correspond with us in a diplomatic manner

Note: we make it public that we absolutely love the Australian government which granted us refugee visa in 1997, but that did not constitute agreement to steal everything we brought with us, and imprison our sons and daughters at the snap of some barristers fingers.

FURTHER we acknowledge that not all people are the same, and that not all barristers and lawyers are corrupt, but as the nature of man is to be sinful and greedy these things inevitably happen. We trust that the most honest lawyers would be working in the office for the Australian Government Solicitor and put our trust in them to discharge all our liabilities prior to transmission of these assets.

we love the government, we trust the government.

we don't trust men who lie, steal, manipulate and according to your own AG website, links to FATF, lawyers are single handedly responsible for over \$3 Trillion in AML/Fraud/illegal funding.

yet little old me, a foreign principal with sovereign immunity cannot even open a bank account in my actual name as assigned by my mum and dad at Birth.

instead i am forced to carry around a slave name and commit fraud every time i have to "identify myself anywhere" despite the fact i am un-identifiable

Notice of acknowledgment of information describing the requirement "You must avoid using non-specific language"

We notice all of you that we do not agree with this and under the Privacy principles all organisations must disclose all information about people to whom the information relates to, or relates to their individual who is deceased and any and all organisations, entities, bodies which have been created since the birth and delivery of said infant who is now an adult, a son, a father, and therefore requesting all information for the whole lineage and pertaining to all issue of my dad Pavo, corporate name Pavao-nikola MATIC and in original name MATIC (Tomo) Pavo, our grandfather 'Tomislav-Mihajlo' for who's corporate name was "MATIC (Ivan) Tomislav-Mihajlo" the national and 'Tomislav-mihajlo (Ivan) MATIC' and TOMISLAV-MIHAILO MATIC the maritime/citizen name incorporated in Yugoslavia and having arrived at Perth on Refugee visa subclass 200 B014292 AG360879

To be clear, we are commanding the return of our ancestral property, our M3 money, in specie or in kind retaining the right to negotiate any offer if not done in good faith.

We acknowledge you are borrowing money from our deceased estate and under National Credit Code you have three days maximum to reply, but under FATF regulations you must do so without any undue delay - meaning within hours.

The FOlio of 94 pages held with NAA originating in year 1997 which we received from home affairs we have authenticated and uploaded to the United Nations Portal under following organization:

We command by our lawful authority to return our property immediately.

Notice of other interested parties

We here give notice that the Queen has an interest in our Estate through escheatology, and we have taken affirmative action to nominate the Secretary to the Treasury for United States of America as our ultimate beneficiary in case of wipeout of our kinsmen/bloodline and therefore the United States of America has an interest in this matter.

Notice of personal liability within the Admiralty and Maritime tribunal

Refusal to enter into negotiation for return of property held in custody will be acknowledgment of hostility towards a peaceful nation-state and friend and ally to Commonwealth of Australia and friend and ally to United States of America and therefore an declaration of war against your own government, against the Crown, Against the King and Queen of England and their heirs and successors, and the government for United States of America. Instead of having enjoyment and beneficial interest in our estate the lawful way, you will be subjecting them to knowingly commit criminal offences against someone with capacity and acting lawfully and demanding return of property as per international law.

Notice of Foreign corporation being a Constitutional corporation and the applicant being a Commonwealth agent**"Verbatim Definitions in the Context of the Iron Ore Processing (Mineralogy Pty Ltd) Agreement Amendment Act 2020 (WA)**

The provided definitions for "Mr Palmer," "Commonwealth," "Commonwealth agent," and "Commonwealth authority" do not appear in the enacted Act (as confirmed by section 3 and the Interpretation Act 1984 (WA)). Below, I list the user-provided definitions exactly as given, followed by the Act's actual definitions for "State" and "State agent," and clarify their status:

Mr Palmer means the individual who, on 10 August 2020, is named Clive Frederick Palmer and is a director of Mineralogy; and includes any executor, administrator or trustee of the estate of the individual referred to in paragraph (a). *Note:* This definition is not found in the Act. Clive Palmer is referenced in section 4(2)(g) regarding extinguished liabilities but is not defined in section 3 or elsewhere.

Commonwealth includes (without limitation) the following — (a) the Crown in right of the Commonwealth; (b) the Government of the Commonwealth; (c) a Commonwealth authority; (d) a Commonwealth agent; (e) a person who is a former Commonwealth authority or Commonwealth agent if the proceedings, liability or loss in question is connected with — (i) the person's conduct while and as a Commonwealth authority or Commonwealth agent; or (ii) otherwise the person's role as a Commonwealth authority or Commonwealth agent. *Note:* The Act defines "Commonwealth" via the Interpretation Act 1984 (WA) as: Commonwealth means the Commonwealth of Australia. The provided definition is not present in the Act.

Commonwealth agent means an agent, representative, advisor or contractor of the Commonwealth (but, to avoid doubt, does not include a party to the Agreement or Mr Palmer). *Note:* No definition for "Commonwealth agent" exists in the Act or the Interpretation Act 1984 (WA). The term appears contextually in section 4(2) but is not defined.

Commonwealth authority means any of the following — (a) the Governor-General of the Commonwealth; (b) a Minister of the Crown in right of the Commonwealth; (c) a department of the Government of the Commonwealth; (d) an agency, authority, instrumentality or other body (whether or not a body corporate) established or continued for a public purpose — (i) under a law of the Commonwealth; or (ii) otherwise by the Commonwealth; (e) a person holding, or exercising the powers of, an office established or continued for a public purpose — (i) under a law of the Commonwealth; or (ii) otherwise by the Commonwealth; (f) a staffer, member, officer or employee of a Commonwealth authority referred to in paragraphs (a) to (e); (g) a person who is appointed to any office or other position under a law of the Commonwealth, or otherwise by the Commonwealth, for a public purpose and who is not covered by paragraphs (a) to (f). *Note:* This term is not defined in the Act or the Interpretation Act 1984 (WA).

State means the State of Western Australia. *Source:* Interpretation Act 1984 (WA), Schedule 1, incorporated via section 3 of the Act."

State agent means a person, other than a corporation, who is authorised to act on behalf of the State; or a corporation that is authorised to act on behalf of the State.

Source: Interpretation Act 1984 (WA), Schedule 1, incorporated via section 3, with contextual usage in section 4.

GOVERNMENT MEDIA MONITORING UNIT

Government of Western Australia Department of the Premier and Cabinet

libstream.parliament.wa.gov.au

Statement: "And just think, the only reason why I breached it, is that after we brought the legislation into Parliament to stop his outrageous claim of \$30billion, or \$12,000 against every **man, woman, child, and baby** in WA, he went around on... well, on the ABC News and elsewhere in very colourful terms, describing my categorisation of the claim as \$30 billion as... well, bull excrement"

His own second witness:

JOHN QUIGLEY I... it won't be tens of millions, but I'm going to say if it was \$1 for every **man, woman and child** in Western Australia, wouldn't it be worth it, to resist a claim of \$12,000?

Therefore every man, woman, baby, must be part of the Commonwealth, and a Commonwealth agent, for which Mr Palmer has been excluded, but Clive has not been, nor Mr. Clive, so technically the bill is a bogus one and Clive's lawyers did him no favours but hey I can keep these secrets i just want to be left alone and for my children to be safe, and for their money to be returned, that isnt too much to ask for is it?

Notice of American Bar Membership:

Seeing as students can get free bar membership and a Bar Card, I thgoht would be silly not to get one in case we have to claim client-attorney privilege or legal professional privilege, or in the event of having to prosecute in US Federal court so our Bar card number is below, which we included the way IRS Attorney's do when you sue the Commissioner of IRS.

Nothing in this correspondence is to be interpreted in any other way other than peace, love, fidelity, and offer of friendship.

Without recourse, retaining all god-given rights which cannot be given nor taken by other men let alone a legal fiction through legal fraud.
